"DOUBLE-NINE"

MODELS W-100 BLUED AND DELUXE NICKEL

HOW TO ORDER REPAIR PARTS

The following information must be furnished when ordering replacement parts:

1. Model Name and Series Number (W-100)
2. Serial Number
3. Number and Name of Parts
4. Color

MINIMUM ORDER $1.00

Unless advance payment is made, a minimum charge of $1.00 is made on all orders where the normal cost would be less than $1.00. Please note also the following paragraph.

PAYMENT

All parts shipments will be made by Parcel Post C.O.D. unless advance remittance is made. PLEASE DO NOT SEND CASH OR STAMPS. Checks, Money Orders, or Drafts are acceptable and will save you C.O.D. charges.

FACTORY SERVICE

If parts are to be fitted at the factory, send revolver marked for the attention of our SERVICE DEPARTMENT, furnishing complete and specific repair instructions. A cost estimate of the parts and labor charges will be immediately sent for your approval before work is started.

Unless a flat rate charge is specified, a MINIMUM of $5.00 will be charged on servicing revolver at the factory.

REVOLVER SHIPPING INSTRUCTIONS

BONAFIDE DEALERS IN FIREARMS are permitted by postal regulations to send revolvers to the factory by Parcel Post. INDIVIDUALS are not permitted to mail firearms and we recommend shipment by railway express.

All shipments to factory must be prepaid.

MODEL W-100

INSTRUCTIONS FOR OPERATION AND CARE OF YOUR "DOUBLE-NINE" REVOLVER

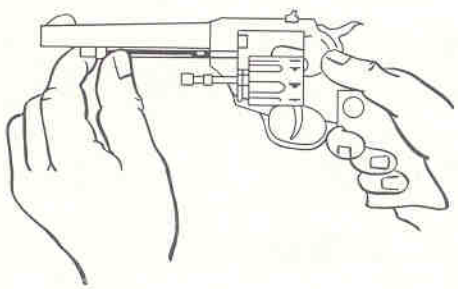

Fig. 1

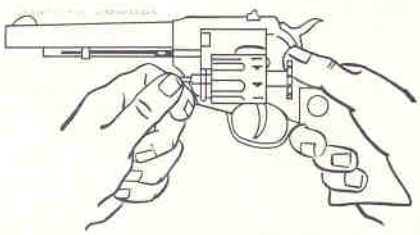

Fig. 2

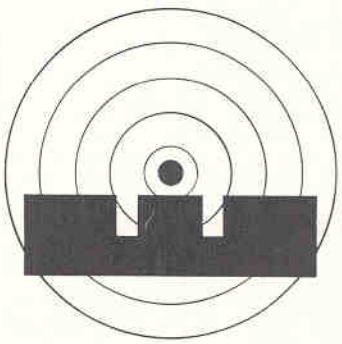


Correct Sighting

LOADING AND FIRING:

1. Be sure that hammer is forward.
2. Hold Revolver in right hand with index finger of left hand against front of ejector latch housing. With left thumb move ejector latch to extreme forward position and, at the same time, swing out cylinder to left by pressing right index finger against it (See Figure 1). *Be sure to release ejector latch.*
3. Insert one .22 caliber short, long or long rifle cartridge in each of the nine chambers of the cylinder.
4. Return cylinder to frame by pressing thumb against cylinder. Do not push ejector latch forward when closing cylinder. The revolver is now ready to fire.
5. Revolver may be fired double action merely by squeezing trigger for each shot.
6. Target shooting, or other shooting demanding a maximum of accuracy, is usually done single action. For single-action shooting, pull back hammer to cocked position for each shot.
7. To unload revolver or remove fired cartridge cases, move ejector latch to extreme forward position and at the same time, swing out cylinder to left by pressing right index finger against it (See Figure 1), and push ejector rod to the rear (See Figure 2).
8. Pull ejector rod forward before reloading or attempting to close cylinder.
9. Because cylinder chambers are counterbored, revolver may be "dry-fired" without injury to cylinder.

Double-Nine revolvers are sighted in at a range of 50 feet. If lateral adjustment is desired because of individual preference in sighting or holding, tap the rear sight gently, using a brass or plastic hammer. Move the rear sight in the direction you want the point of impact to move.

DVICE. WE MAINTAIN A SERVICE DEPARTMENT WHICH WILL PROMPTLY GIVE YOU ADVICE AND SERVICE.

Hi-Standard .22 Caliber Autoloading Pistols

ALL-STEEL FIELD MODELS

Sport-King: Favorite .22 long rifle autoloader boasts remarkable engineering advances and wonder metals for top performance in the field. Ideal handgun for hunters, trappers, campers, fishermen, plinkers, target shooters.

Flite-King: Same outstanding features as Sport-King, but fires thrifty, quiet .22 shorts.

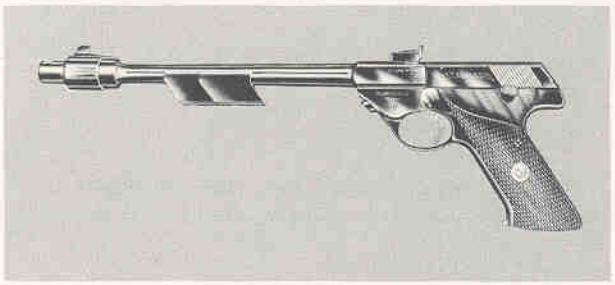
Dura-Matic: The perfect extra gun at a low price. Fires .22 long rifle ammunition with excellent accuracy. Double safety has a visible indicator to show when gun is ready to fire, plus a combination slide lock for positive cross-bolt safety. This versatile 10-shot autoloader fits the need of many shooters who can take pride in its sleek, modern lines.

LIGHTWEIGHT FIELD MODELS

Sport-King Lightweight: High tensile metals used in missiles are crafted into forged-alloy frames for these amazing handguns. Light in weight for easy carrying, you get tremendous durability for a lifetime of shooting fun. Sport-King Lightweight is a ten-shot .22 long rifle autoloader available in blued or Deluxe Nickel finish.

Flite-King Lightweight: Shoots thrifty .22 *short ammunition* indoors or out with quiet report and target accuracy — otherwise identical to Sport-King Lightweight. Light as a feather but rugged as a rock, it's perfect to pack along on your hunting or fishing trips. For your basement range, the Flite-King offers fun for your family, too!

SUPER-ACCURATE TARGET MODELS



Supermatic Trophy: A possession of pride worthy of the world's greatest champions. Superb hand-finishing inside and out for unexcelled beauty and precision performance. Ten-shot .22 L.R. autoloader has gold trigger and lettering, walnut grips.

Supermatic Citation: All the features of Trophy with Citation-grade finish, laminated grips.

Olympic Citation: .22 short version of this superb target-grade handgun.

Supermatic Tournament: Top value in a medium-priced target pistol. Full measure of Hi-Standard quality with all but a few of the custom extras found in the Trophy. Choice of 4½" or 6¾" heavy, tapered, interchangeable barrels. Double-action safety. Sure-fire magazine. Diamond-checkered laminated grips.
